LADIES' DELIGHT!
RELIEF COME AT LAST.
J. WISNER'S Washing Machine, Patented Sept. 26th, 1854, is a large tub with zinc fitted on the bottom, also on the under side of the rubber. It stands on a stool, and weighs about 25lbs; is simple and handy and has been thoroughly examined and tried by thousands at the West within the past year, who pronounce it to be the best labor saver ever offered to the public. It has been tested sufficiently long to prove that when ever it has been used properly, it will tell a better story for itself than I can communicate. AMERICAN AND FOREIGN PATENTS
R. H. EDDY, Solicitor of PATENTS
(Late Agent of U. S. Patent Office, Washington, under the Act of 1837.)
NO. 76 STATE, OPPOSITE KILBY ST.,
BOSTON.
AFTER an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France and other foreign countries.—Caveats, Specifications, Bonds, Assignments and all Papers or Drawings for Patents, executed on liberal terms, and with despatch. Researches made into American or Foreign works, to determine the validity or utility of Patents or Inventions,—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.
This Agency is not only the largest in New England, but through it inventors have advantages for securing patents, or ascertaining the patentability of inventions, unsurpassed by if not immeasurably superior to any which can be offered them elsewhere. The testimonials below give proof that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove that at no other office of the kind are the charges for professional services so moderate. The immense practice of the subscriber during twenty years past has enabled him to accumulate a vast collection of specifications and official decisions relative to patents. These besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining patents.
All necessity of a journey to Washington, to procure a patent, and the usual great delay there are here saved inventors.
TESTIMONIALS.
"I regard Mr. Eddy as one of the *most capable and successful* practitioners with whom I have had official intercourse.
CHAS. MASON," *Commissioner of Patents.*
"I have no hesitation in assuring Inventors that they cannot employ a person *more competent* and *trustworthy*, and more capable of putting their applications in a form to secure for them an early and [illegible] consideration at the Patent Office.
EDMUND BURKE,"
Late Commissioner of Patents.
Boston, February 8, 1858.
"Mr. R. H. Eddy has made for me THIRTEEN applications, on all but ONE of which patents have been granted, and that one is *now pending*. Such unmistakable proof of great talent and ability on his part leads me to recommend *all* inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges. JOHN TAGGART."
From Sept. 17th, 1857, to June 17th, 1858, the subscriber, in course of his large practice, made, on twice rejected applications, SIXTEEN APPEALS, EVERY ONE of which was decided in *his favor*, by the Commissioner of Patents.

HARRY COVERDALE'S COURTSHIP, AND WHAT CAME OF IT.

(Continued.)

'Phew,' whistled Emily, and a droll little parody of a whistle it was; 'the wind has changed, has it? I suppose that was the thunder-storm yesterday; not to mention a certain *tete a tete* drive. Take care, Ally: recollect that sweet bird, the Crane. What does the song say?' and popping herself down at the piano-forte, she ran her fingers lightly over the keys, as she sung with mischievous archness,

'Tis good to be merry and wise,
'Tis good to be honest and true,
'Tis good to be off with the old love
Before you are on with the new!

The party which sat down to dinner at Hazlehurst Grange on that day was a very select one. Mr. Hazlehurst had driven over to the neighboring town on justice business; and having sentenced manifold poachers to undergo divers unpleasantnesses in the way of oakum-picking, solitary confinement, and other such amenities of prison discipline, had stayed to reward virtue by dining with his brother magistrates upon orthodoxly slaughtered venison. Accordingly, Mrs. Hazlehurst and the three young ladies, Harry Coverdale, and Master Tom, sat down to what Mrs. Malaprop would have termed 'quite a *tete a tete* dinner' together; a tame and docile curate, who had been invited on the spur of the moment to counterbalance Harry, having missed fire, owing to the untimely repentance of a perverse old female parishioner, who, being taken poorly and penitent simultaneously, had sent her imperative compliments to the Rev. B. A. Lambkin, and she would feel obliged by his coming to convert her at his very earliest convenience; to which serious call he felt himself obliged to respond.

Coverdale had found himself in an unusual and peculiar frame of mind all day; for perhaps the first time in his life he had felt disinclined to exertion; and had actually gone the length of abstracting from the library a volume of Byron, and spent the remainder of the afternoon lying under a tree, reading the Bride of Abydos. Now his peculiarity took a new turn; and, freed from his incubus, D'Almayne, a sense of the domestic and sociable suddenly sprang up within him; and throwing off all reserve, he appeared for the first time during his visit, in his true colors—that is, unaffected, courteous, kind-hearted, amusing, and well informed. In consequence, possibly, of this change, the dinner passed off most agreeably: and the absence of the reverend Lambkin was mentally decreed to be a subject of thanksgiving by more than one member of the party.

In the evening, there were certain wasps' nests to be destroyed, about which Harry had expressed much interest; but now he discovered that he had blistered his heel on the previous day, by running in a tight boot, and Tom, mightily discontented, was forced to invade the enemy's country without the aid of his ally. When Coverdale rejoined the ladies, Emily was reading Tennyson's *Princess*, aloud, and the moment he appeared, declaring she was tired; she handed the book to him, begging him to proceed: her mischievous intention being thereby to overwhelm him with confusion, and derive amusement from his consequent mistakes. But she met her match for once, as Harry, coolly replying that he should have much pleasure, took the book, and began reading in a deep, rich voice, with so much taste and feeling, that her surprise soon changed to admiration. After tea, music was proposed, and the moment Alice began singing, Coverdale, for the first time since he had been in the house, approached the piano, and actually turned over the leaves for her.

That lovely *La ci darem*. 'Ah, Alice, if you had but a gentleman's voice to take the second—Why don't you sing Mr. Coverdale?' exclaimed Emily, turning over the pages of the duet.

'I'll try if *you* wish it,' was Coverdale's quiet reply,

Alice, to whom he spoke, glanced at him in speechless surprise; but Emily, at once making up her mind that he was a tempting a hoax, and eager to turn the tables upon him, resumed—

'Bravo! give me your seat, Alice; I'll play the accompaniment for you both.'

Now the truth was, that Harry was gifted by nature with a rich, powerful voice and excellent ear, qualities which the admiration of his 'set' at Cambridge had induced him to cultivate. When he first started on his grand tour, he encountered at Florence the mother and sister of an old college friend, and those being the days before he had forsworn young ladies' society, he was let in for a mild flirtation with one of the daughters; the 'emphatic she' happened to be *fanatica per la musica*—accordingly for three months Harry took lessons of the best master in the place, and sung duets morning noon and night; at the end of which period, the 'loved one' bolted with a black-mustached native, who called himself a count, and *was* a courier—since which episode, Harry's singing had been chiefly confined to lyrical declarations that he would not go home till morning. It will therefore be less a matter of surprise to the reader than it was to his audience at the Grange, that Coverdale performed his part with equal taste and skill, and very much better than Alice did hers, that young lady pronouncing her Italian with rather a midland country accent than otherwise, although her sweet, fresh, young voice, in a great measure atoned for this little peculiarity.

LOCAL GOSSIP.

A correspondent sends the following: "The Antiques and Horribles, for the first turn-out, made a very creditable appearance. The children (as well as the older ones) were as much pleased as if the City had appropriated five hundred dollars. Now I merely suggest that at the grand Re-Union on the 22d of August, the City gratuitously furnish them a Band for a part of the day, as their appearance would add much to the festivities of the occasion."

Accepting the invitation of a friend, on the afternoon of the Fourth we took a drive over what is called "the Green-End Road," leading over the Beaches, and back through the beautiful and picturesque country comprising the southern interior of the island. For an afternoon drive at this season of the year, we know of none pleasanter than this, or even that equal it. The unsurpassed ocean view, the varied and romantic scenery furnished by the well cultivated farms skirting the road on either side, all combine to render it a drive of surpassing beauty on a summer afternoon.

The steamer Young America will commence her regular trips between Taunton and Newport next Monday, when there will be four steamers running to Newport, besides the New York boats, namely: the Perry, Golden Gate, Jenny Lind, and Young America, all meeting here at noon. If people fail to steam it this summer, 'twill not be for lack of opportunities to do so.

We saw a man come down the street,
His face was wreathed in smiles,
And as he walked we noticed that
He chuckled all the while.
We stopped the man, (a friend of ours,)
To learn what it could mean,
And learned from him that he had been
To eat of Downing's creams.

Those who have tasted the delicious and electrifying creams that only Downing can get up in his style, can appreciate the man's jubilation from their own experience.

Three yachts arrived in our harbor last evening. The Azalea, (schooner,) and the Undine, (sloop) are most elegant specimens of yacht architecture.

A fishing party of gentlemen came down from Providence yesterday, arriving here last evening, in the fast sailing yacht Lydia. They will proceed this morning out to Beaver Tail, to pass the day in fishing. They are officered as follows:

Wm. H. Corey, (printer) Commodore.
Geo. Cahoone, Sailing Master.
E. L. Freeman, (printer,) Purser.
P. S. Eddy, Steward.

The Redwood Library continues to attract large numbers of our citizens, to visit its rooms. We learn that it will be open again this evening till 10 o'clock.

BOILER EXPLOSION ON BOARD STEAMER BAY STATE.—One of the boilers on steamer Bay State, Capt. Jewett, of Fall River line, exploded about four miles out of New York, Monday night, carrying all before it. Mr. Lawrence, 2d engineer, was considerably burnt by the steam, but probably not dangerously. Two or three passengers were also injured somewhat, none fatally, it is hoped. Fortunately the explosion was from the bottom of the boiler; had it been from the inside, the disaster must been very severe. Steamer C. Vanderbilt of Stonington line took off the passengers and conveyed them to Boston.

Since penning the above we have learned further particulars through Kingsly & Co's express messenger. The accident occurred at 6 o'clock last evening, when the steamer was off Green Point Ferry, between that point and Blackwell's Island. The explosion damaged the boat considerably, tore a large hole through her bottom and side, carrying away beams and everything that stood in its way, from the blower to the wheel house. A week or more will be required to repair the damage. Only one passenger was injured besides Mr. Lawrence. Both were very badly scalded about the head, back and limbs. It is believed, however, that neither inhaled any steam, and that both will recover.

The boat came to and anchor and remained so for an hour, lying upon her side, without filling, until the Vanderbilt came up. The women on board were very much alarmed, and it was with considerable difficulty that Capt. Jewett, who conducted himself admirably, could quiet them.—*Boston Traveller.*

New York, July 5.—Death.—Pat Hearn, a well-known sportsman, and very wealthy, died on Sunday night of congestion of the brain.

Cleveland, O., July 5.—Sixteen Persons drowned.—A sail boat, containing twenty-eight persons, on Clear Lake, Indiana, capsized on the 4th, and sixteen persons, mostly ladies and children, were drowned. No names have been reported as yet.

CONTINUED ILLNESS OF HON RUFUS CHOATE.—We regret to learn that Hon. Rufus Choate, who sailed from this city in the steamship Europa, on Wednesday last, for Liverpool, was obliged to leave the steamer at Halifax, on account of the feeble state of his health.—*Boston Journal.*

The wife of Hon. Edward Everett, a daughter of the late Peter C. Brooks, died at the residence of her husband in this city this morning.—*Boston Traveller.*

A woman stepped up to Eliza Grady, who was standing in Elm street New York, and requested her to hold an infant while she made some purchases in the corner bakery. Eliza, in her simplicity and good-nature, did as she was desired, but the mother never returned for her child, so it was sent to the Superintendent of the Out-door poor.

A girl named Margaret Fitzsimmon, allowed herself to be run over by the Harlem train, at West Farms, N. Y., on Friday.

On Friday evening Gabriel Sayer, one of the most wealthy citizens of Waverley, N. Y., committed suicide by cutting with a razor the blood vessels of his arm, while temporarily deranged.

On the afternoon of the third, Samuel Jackson's Pyrotechnical establishment, in Philadelphia, was entirely destroyed by an explosion of fireworks. A young man named Beck, was burned to death.

The New Mexican mail of the 13th June reached St. Louis Friday night. An expedition was fitting out at Albuquerque to chastise the Navajo Indians.

VINEGAR PIE.—Take a gill of cider or vinegar, one quart of water, a tea-cup of molasses or sugar enough to make it sweet, stir in half a dozen spoonfuls of flour, put it on the fire and let it boil. Bake with two crusts, or put the top crust on in strips if it is liked better.

ORANGE TART.—Squeeze two oranges and boil the rind tender, add half a tea-cup of sugar, and the juice and the pulp of the fruit, an ounce of butter, heat to a paste. Line a shallow dish with light puff crust, and lay the paste of orange in it.

MOCK APPLE PIE.—One teaspoonful of tartaric acid, one cup of sugar, one cup of bread crumbs, one egg, one pint water, and nutmeg or any other spice to suit the taste. This will make three pies.

SPONGE CAKE.—Sift one pound of flour, one pound of loaf sugar, beat ten eggs very light, mix the ingredients well, then add the juice of one lemon. If baked in one cake, two hours is necessary. No saleratus, soda, or tarter is needed.

BISCUIT.—One quart of buttermilk, two spoonfuls of cream, two tea-spoonfuls of soda, one teaspoonful of salt. Use flour enough to form a stiff dough, kneeding it well.

TO MY DEAR INFANT,

Farewell, farewell, my own sweet babe, 'tis hard to give thee up,
Yet He who wills its bitterness, can help me drink the cup!
Oh, may his plenteous grace sustain, and soo he my bursting heart,
While with my lov'd, my cherished one, I thus so early part.

To see thy suff'rings, dearest one, my heart could scarcely brook—
I did not deem that death was near, though agoniz'd thy look;
And when they told me thou wert dead, I thought it could not be,
Those pearly lips, that velvet cheek, so precious seemed to me.

I saw them lay you in the grave, that resting place so deep!
My spirit oft shall hover near, and its sad vigils keep;
And I shall watch the springing grass upon thy narrow bed,
And plant sweet flow'rets o'er thy grave, my beautiful, MY DEAD.

But Oh! my home is desolate, robbed of its sweetest flower,
For mine was not that love which springs, and whithers in an hour;
But many weeks of weary toil, and some of anxious care,
Many a restless, sleepless night, for thee I did not spare.

And in thy strong convulsions, when human power was vain,
I watched thee with a tearless eye, to see thee wake again,
To catch once more thy beauteous smile, and greet thy joyous eye—
How could thy mother's heart believe, that then my babe would die?

I weep, but 'tis all over now—my grieving is in vain—
Then why should I lament thee, love, or wish thee here again?
Alas, this void within my heart, no earthly gifts can fill—
No power but that which rules the world, can stay my restive will.

Though I often grieve in thought, I'll wipe my tears away—
'Twas well I knew that my sweet babe could here no longer stay;
From sin and sorrow, pain and death, he ever now is free,
Far in those realms of bliss above, he lives in purity.

That fairy voice will join the strains of ransomed ones in heaven,
And he will tune the tiny harp which unto him is given!
There at the feet of Jesus, he will cast a crown of joy,
And ever praise His holiness, and love without alloy.

The Great Indian Remedy.

DR. MATTISON'S INDIAN EMMENAGOGUE is a new and elegant medicine, designed expressly for females. It is prepared from an Indian plant, which has been used by the natives for the same purpose from time immemorial, and is now for the first time offered to the public. The name and virtues of this wondrous plant were recently obtained from Shenandoah, an Oneida Chief who lived near Syracuse, N. Y., to a very great age. It is neatly put up in two ounce bottles, with full directions for using, and is warranted to cure any case of obstruction of the Monthly Sickness—often in twenty-four hours, and that, too, after other remedies have been tried in vain. This may seem incredible, but if I fail in any case the price will be refunded. It will also prevent obstructions from any cause whatever, if taken a day or two before the monthly period, and is therefore of the greatest value to married ladies wishing to avoid the accidents to which they are liable. It is also the most valuable Female Restorative for pale and delicate females with deranged menstruation, as it speedily restores and regulates that function thereby imparting the glow of health to the cheeks, and strength and vigor to the whole system. *Purely vegetable*, containing nothing injurious to health, and may be taken with perfect safety at all times and under all circumstances. LADIES, THEREFORE, in want of something that is sure, had better send for the INDIAN EMMENAGOGUE, instead of wasting time and money in trying other things which at the best are very uncertain, and therefore never warranted as as is the Great Remedy. Sent by express to all parts of the country. Sold only at DR. MATTISON'S, REMEDIAL INSTITUTE, No. 28 Union st., Providence, R. I. Orders promptly attended to. See advertisement in this paper.

PROFESSOR WOOD'S HAIR RESTORATIVE.

Says the St. Louis (Mo.) Democrat: Below, we publish a letter to Dr. Wood, of this city, from a gentleman in Maine, which speaks glowingly of the superior merits of his hair tonic. Such evidence must have its effect, when coming from a reliable source If certificates are guarantees of truth, the Dr. needs no encomiums, nor useless puffery from the press:

BATH, MAINE, Jan. 29, 1859.

Professor O. J. Wood & Co:

GENTLEMEN: Having my attention called a few months since to the highly beneficial effects of your hair restorative, I was induced to make application of it upon my own hair, which had become quite grey, probably one-third white; my whiskers were of same character. Some three months since I procured a bottle of your hair restorative, and used it. I soon found it was proving what I had wished. I used it about a week. I have since procured another bottle, of which I have used some. I can now certify to the world that the grey or white hair has totally disappeared, both on my head and face, and my hair has resumed its natural color, and I believe, more soft and glossy than it has been before for twenty-five years. I am now sixty years old; my good wife at the age of fifty-two has used it with same effect.

The above notice I deem due to you for your valuable discovery. I am assured that whoever will rightly use, as per directions, will not have occasion to contradict my statements. I am a citizen of this city and a resident here for the last fifteen years, and am known to nearly every one here and adjoining towns. Any use you may make of the above, with my name attached, is at your service, as I wish to preserve the beauties of nature in others as well as myself. I am, truly, yours, A. C. RAYMOND,

BALTIMORE, Jan. 23, 1858.

WOOD'S HAIR RESTORATIVE.

Professor Wood—Dear Sir: Having had the misfortune to lose the best portion of my hair, from the effects of the yellow fever, in New Orleans in 1851, I was induced to make a trial of your preparation, and found it to answer to the very thing needed. My hair is now thick and glossy, and no words can express my obligations to you in giving to the afflicted such a treasure.

FINLEY JOHNSON.

The undersigned, Rev. J. K. Bragg, is a minister in regular standing, and pastor of the Oxthodox Church at Brookfield, Mass. He is a gentleman of great influence and universally beloved. WM. DYER.

Brookfield, January 12, 1858.

Professor Wood—Dear Sir; Having made trial of your Hair Restorative, it gives me pleasure to say, that its effect has been excellent in removing inflamation, dandruff and a constant tendency to itching with which I have been troubled from my childhood; and has also restored my hair which was becoming gray, to its original color. I have used no other article with anything like the same pleasure or profit. Yours truly,

J. K. BRAGG.

The Restorative is put up in Bottles of 3 sizes, viz: large, medium and small; the small holds 1 1-2 a pint, and retails for one dollar per bottle; the medium holds at least twenty per cent more in proportion than the small, retails for two dollars a bottle; the large holds a quart, 40 per cent. more in proportion and retails for $3 a bottle.

To-day the whole subject was considered in Cabinet Council, and after a thorough examination, the President decided to commute his sentence to imprisonment for life.

Accordingly a messenger was despatched to convey the glad tidings to the doomed man and his friends.

Twenty thousand signatures, praying for commutation, were sent during last week

HOWARD ASSOCIATION.
PHILADELPHIA.

A Benevolent Institution, established by special endowment for the relief of the sick and distressed, afflicted with Virulent and Epidemic diseases.

THE Howard Association, in view of the awful destruction of human life, caused by sexual diseases, and the deceptions practised upon the unfortunate victims of such diseases by Quacks, several years ago directed their consulting Surgeon, as a **Charitable Act** worthy of their name, to open a Dispensary for the treatment of this class of diseases in all their form and to give **Medical Advice Gratis**, to all who apply by letter, with a description of their condition, (age, occupation, habits of life, &c.,) and in cases of extreme poverty to **Furnish Medicines Free of Charge.** It is needless to add that the Association commands the highest Medical skill of the age, and will furnish the most approved modern treatment.

The Directors of the Association, in their annual report upon the treatment of sexual diseases, for the year ending July 1st, 1858, expresses the highest satisfaction with the success which has attended the labors of the consulting surgeon in the cure of Spermatorrhœ, Seminal Weakness, Impotence, Gonorrhœa, Gleet, Syphilis, the vice of Onaism or self abuse, &c., and order a continuance of the same plan for the ensuing year.

The Directors, on a review of the past, feel assured that their labors in this sphere of benevolent effort, have been of great benefit to the afflicted, especially to the young, and they have resolved to devote themselves, with renewed zeal to this very important and much despised cause.

An admirable Report on Spermatorrhœa, or Seminal Weakness, the vice of Onanism, Masturbation or Self-Abuse, and other Diseases of the Sexual Organs, by the consulting Surgeon, which will be sent by mail, (in a sealed envelope,) free of charge, on the receipt of two stamps for postage.

Address, for Report or treatment, Dr. **George R. Calhoun**, Consulting Surgeon, Howard Association, No. 2 South Ninth street, Philadelphia, Pa. By order of the Directors.
EZRA D. HEARTWELL, President.
GEO. FAIRCHILD, Secretary. 28

TO THE LADIES—The celebrate Dr J B. Hughes particularly requests all ladies who may need a medical or surgical adviser, to call at his rooms, No. 13 Howard street, Boston, which they will find arranged for their especial accommodation.

Dr. Hughes having devoted over 48 years to this particular branch of the treatment of diseases peculiar to females, it is now conceded by all, (both in this country and Europe,) that he excels all the other known practitioners in the safe, speedy and affectional treatment of all female complaints.

Dr. Hughes French Renovating or Female Monthly Pills are to be had genuine only at this office.

* These pills are unrivaled in efficacy and superior virtues in regulating all female irregularities. Their action is specific and certain, producing relief in a very short time. They are acknowledged to be the best in use.

The Dr. cautions the public to beware of impositions that are being practised by advertising a spurious article under some spurious or ficticious name. They are entirely useless, having been got up by miserable pretenders, who are entirely ignorant of the efficacy of medicines.

All who are in pursuit of the genuine article, had better call on the old doctor at his office, where they will be sure of getting the genuine—the only place in Boston where the genuine is for sale.

These pills can be sent to any part of the country, with directions.

The best of accommodations furnished for the sick, with kind and attentive nurses, if they wish, at a reasonable rate.

This office is strictly private, with special apartments for ladies, and is so arranged that it is impossible for patients to come in contact with each other.

Recollect the number—13 Howard street.

N. B. All secrets are most strictly confidential.

All letters will be promptly answered. Address Dr. J. B. Hughes, 13 Howard st., Boston.
jy1 1y d

CONFIDENTIALLY to the afflicted.—Dr. J. B. Hughes still continues his old establishment, 21 Howard Street, Boston, where he can be consulted on all private complaints. All persons in any way afflicted may rely on a sure and speedy cure being performed.

Dr. Hughes has for a number of years paid particular attention to the study and practice of private diseases, and so perfect has he become acquainted with them, that, without boasting, he will warrant an effect at cure in the shortest possible time, no matter how long standing the case may be.

In offering the result of his long study and practical experience to the afflicted, he is governed by humanity only, for so long have they been deceived by miserable quack nostrums, that it is time that some healthy mode of practice should be introduced.

The old doctor professed to be eminently skillful in curing gonorrhoea gleet, strictures, syphilis in all its stages, primary, secondary, tertiary, or hereditary seminal weakness, nocturnal emissions, general debility, impotency, and all diseases of the urinary organs. The doctor solicits a call from all who may be afflicted with any such disease, feeling confident of success, and at a great saving of time and money to his patients.

The doctor can be consulted by letter, if the disease is accurately described, medicines will be immediately forwarded, carefully concealed.

Please remember the name and No., as Dr. Hughes has nothing to do with any other office but 13 Howard st.

P. S. The best accommodations will be furnished the sick of both sexes, with kind and attentive nurses, and at a reasonable rate.

All letters requiring advice must contain one dollar, or no notice will be taken of them. Address Dr. J. B. Hughes, 13 Howard st., Boston. jy1 1y d

CURTIS'S CURE FOR BALDNESS.

In bringing this new article—a preventive, and sure Cure for Baldness—into notice, the proprietor has acted with extreme caution, knowing that the public, having been so often deceived by worthless compounds and preparations for the hair are prone to pronounce—a humbug—every new thing of the kind introduced; and he has not taken this course to bring it before them until its virtues have been practically and most thoroughly tested. As an effectual remedy for Baldness it now stands unrivalled. It has been in use for about a year, during which time upwards of six hundred bottles have been disposed of, and not in a single instance, where a fair trial has been had, has it proved unsuccessful. The proprietor, who is a well-known resident of Providence, R. I., refers to his own case as a proof of its efficacy.

One year since he was entirely bald, but after the application of his Cure, the hair started out in profusion, and he has now as fine a growth as when a young man. There are numerous other cases of a like nature, and he is permitted to refer to many well-known citizens of Boston, Providence and Worcester who have used the article with the most complete success. Its action is immediate, producing a fine growth of hair, and yet it is entirely free from any substance of an injurious nature.

It also prevents the hair from falling off, cleanses the scalp, removes dandruff almost instantaneously, and removes from the head the excessive heat with which bald persons are generally troubled.

It is certainly the best and safest preparation for the hair ever offered to the public.

Among the many certificates of its efficacy, attention is called to the following:—

PROVIDENCE, Dec. 1, 1858.

I commenced using Curtis's Cure for Baldness some five months since, previous to which time much the larger portion of my head had been bald for nine years. After a few weeks use, the hair commenced growing, and has continued since until my head is now entirely covered. I am forty-eight years of age, and the "Cure" in my case having met with complete success, I take pleasure in recommending it, and will state the above facts personally to any who are interested and will call upon me.
ELISHA SMITH, 119 Friendship street.

And this from Mr. Samuel Woodbury, Manufacturing Jeweler of Providence, and well known in that city:—

For some twelve years my hair was continually falling out until the top of my head was entirely bald. Some nine months since I commenced using Curtis's Cure, which soon prevented the old hair from falling and has since covered my head with a fine growth of hair. I recommend it with full confidence to all those who have lost their hair prematurely.
SAMUEL WOODBURY,
64 Friendship-st, Providence, R. I.

From Mrs. R. M. Clarke, Millinery Rooms, corner Westminster and Eddy streets, Providence, R. I.

PROVIDENCE, Nov. 29, 1856.

I have been using Curtis's Cure for Baldness and find it to be the best article I have ever tried for promoting the growth of the hair and keeping the head in a clean condition.
MRS. REBECCA M. CLARKE.

From the Rev. J. G. Adams, of Worcester, Mass.

To whom it may concern: This may certify, that from what I have been able to learn from unquestionable sources, of the good and remarkable effects of the use of Mr. Curtis's Cure for Baldness, I am led to regard it as one of the best preparations for the restoration of the hair that has ever been used or invented.

The favorable effects of the liquid, also, in cases of nervous headache, and as a cleanser and preserver of the hair, serve to render it all the more valuable. I wish that all who are troubled with baldness in any degree, might be able to obtain and use it.
Worcester, Dec. 11, 1855. J. G. ADAMS.

AMERICAN HOUSE, Boston, Dec. 10, 1858.

About a year since my hair commenced falling off badly; to prevent which I tried various preparations without success. Believing I should otherwise lose my hair entirely, I was about to submit to the shaving of my head, when a friend, who had been using Curtis's Cure successfully, advised me first to give it a trial. I did so; very soon my hair ceased falling, the old hair, which before seemed dry and lifeless, assumed a healthy appearance, new hair started out, and I continue the use of the "Cure" with full confidence that my hair will be fully restored. It keeps the head cool, the hair and scalp clean, and is a very desirable article for toilet use. J. G. BRIGHAM.

NEWPORT, March 18, 1859.

I purchased two bottles of Curtis's Cure for Baldness, to stop my hair from falling out, and it has done the work completely for me, and I pronounce it a reliable article, and persons who fear that they will become bald had better try it, and my word for it. They will not be disappointed.
JOHN MYERS, Engineer of Steamboat Perry.

NEWPORT, March 29, 1859.

Since I commenced using Curtis's Cure for Baldness, my hair has ceased entirely from falling out, and has been very much strengthened. SAMUEL A. PARKER.

A CARD TO THE LADIES.

DR. DUPONCO'S Golden Periodical Pills for Females. Perfectly harmless, yet wonderfully and powerfully efficacious in correcting regulating, and removing all obstruction from whatever cause.

All medical men know, as well as many others, that no female can enjoy good health, unless she is regular; and whenever an obstruction takes place, whether from exposure, cold, or any other cause, the general health begins immediately to *decline*, and the want of such a remedy has been the cause of so many consumptions among young females. Headache, Pain in the Side, Palpitation of the Heart, Loathing of Food, and Disturbed Sleep, do most always arise from the interruption of nature; and whenever that is the case, the Pills will invariably remedy all these evils; and may always be used successfully as a preventive.—Price $1 per box. For sale at 132 Thames street, corner Church street, and at 12 Washington Square, opposite State House. Orders for the trade so addressed will be supplied at lowest manufacturer's prices. Ladies by enclosing $1 to STURGIS & CO., Box 501, Newport Post Office, can have the Pills sent confidentially) by mail to any part of the city or country a26—

SAVE YOUR CARPETS
FROM
WEAR AND MOTH.

IMPORTANT TO LADY HOUSEKEEPERS.

Mr. J. R. HARRINGTON would respectfully inform the lady reader that he has, after long and tedious experiments, succeeded in producing an article which has, from time immemorial, been much needed by every housekeeper in the land. It is that of a peculiarly constructed

CARPET LINING.

This article is a new invention, and has been patented. It not only entirely protects Carpets from moths and other insects, but it makes the Carpet soft to the tread, acts as a muffler of sound, is a non-conductor of heat, thoroughly and effectually prevents dampness striking through, and what is of the greatest desideratum of all, it makes your Carpet last twice as long as if straw or paper were used. This lining is very low in price, and will at least save FIFTY PER CENT. on the cost of the Carpet. The

NEW YORK
Carpet Lining Company

is situated at No. 62 Warren street, New York, where all orders may be sent, or it can be obtained at most of the Carpet Stores throughout the country.

J. R. HARRINGTON, AGENT.

N. B.—Samples of the article may be seen on the desk of the publisher of this paper.
